GUIDE FOR USERS OF THE *HANSARD* INDEX

The *Hansard* index provides page references to the official record of debates of the Legislative Assembly. Entries fall into one of three categories: subject, speaker or House business. Subject headings reflect the topics discussed by members; speaker headings begin with the member's name and are followed by the subjects spoken on by that member or comments made about the member; and House business headings represent the routine and other business of the Legislative Assembly (see list below). Entries under speakers' names may be less specific than entries under subject headings; we may group similar topics under a general heading, using words like "issues" or "operations." For a more extensive breakdown of a member's debate on a topic, see the main subject heading.

The introduction of guests and visitors is not indexed. However, *Hansard* for the 35th Parliament onward, as well as the indexes, can be word-searched electronically from the Hansard web site (<http://www.legis.gov.bc.ca/hansard/search>). The indexes themselves can be linked to from <http://www.legis.gov.bc.ca/hansard>. The page references within the indexes are linked to the *Hansard* text.

CROSS-REFERENCES

See directs the user to the subject heading under which entries will be found in this index.

Example:

Drinking and driving *See* **Impaired driving**

To refer to a different term under the same main heading, we may use "*above/below under this main heading.*"

Example:

Forest industry

Remanufacturing industry *See* Value-added sector *below under this main heading*

See also directs the user to related subjects or definitive headings.

Examples:

Assessment Appeal Board *See also* Property assessment appeal board *under* **Real property tax**

Schools *See also* **Education**

Taxation *See also* particular taxes, e.g., **Income tax**

HOUSE BUSINESS

House business entries appear under these main headings, as needed:

Address from the Bar of the House

Bills, Legislative

Budget

Citizens' initiatives

Divisions, Recorded

Documents tabled

Ministerial statements

Motions

Oral questions (also provided as a list on the index Internet home page)

Petitions

Points of order

Presentation of new member(s)

Private members' statements

Privilege

Proclamations

Prorogation

Quorum called (under the main heading **Legislature**)

Public written questions

Rulings and statements by Chair or Speaker

Speech from the Throne (includes Address in Reply)

Statements by members (Standing order 25B)

Voting records (Standing votes)

All bills introduced during the session are listed in alphabetical and then numerical order under the main heading **Bills, Legislative**, as well as in the introductory pages of the printed index.

The list of oral questions appears in the index under **Oral questions**.

Budget estimates are listed according to the name of the ministry, legislative officer (e.g., Auditor general) or agency (e.g., Elections B.C.).

The records of how MLAs voted in standing votes are provided on a separate Internet page, headed "**Voting Records by Member** (Standing votes)" and as an appendix to the printed index. These recorded divisions are listed in the index with their page references, under the heading **Divisions, Recorded**.

FILING SEQUENCE

The basic filing sequence used in this index is alphabetical, word by word. Punctuation is ignored in filing.

Mc is filed as if it were spelled Mac. Abbreviations and acronyms used, as needed, in this index are filed as follows:

AIDS	Aids
B.C. or BC	British Columbia
MLAs	Members of (the) Legislative Assembly
NDP	New Democratic Party
St.	Saint
U.N.	United Nations
U.S.	United States

ABBREVIATIONS

Abbreviations used in the procedural entries for bills are the following:

<i>Amdts:</i>	Amendments
sec.	section (of a bill)
1R	First reading
2R	Second reading
C	Committee stage
3R	Third reading
RA	Royal assent

NUMBERS

Numbers are filed numerically in ascending order and before the alphabetical listings.

Examples:

100 Mile House, B.C.
911 emergency telephone system
Agriculture industry
B.C. 21 program
British Columbia Assessment
Highway 1
Highway 17
Highway 19

RECENT CHANGES IN THE INDEX

All numbers, whether in the name of a program or the number of a highway, etc., are now sorted numerically rather than as though spelled out.

Under MLAs' names as main headings, we now group together any entries *about* the member himself/herself and file them at the top of the member's subject heading, under the subheading *As subject*.

The voting record of each member is now available on the main index page on the Internet, headed **Voting Records by Member** (Standing votes), and in an appendix to the printed index. This is a consolidated list to supplement the existing entries by business item, in the index under the main heading **Divisions, Recorded**.

NOTES

If someone is a member of cabinet for any portion of this session, "Hon." (Honourable) will be used before their name in the index and member lists.

If users are interested in matters of legislative procedure, these main headings will be of interest:
