Order called for “Members’ Statements.”

The Speaker delivered his reserved decision as follows:

Honourable Members:

On Wednesday, November 26, the Official Opposition House Leader raised a point of order regarding the use of time for answers during Oral Question Period, specifically, in relation to Standing Order 47A (b), which provides, in part, “questions and answers shall be brief and precise.” The Chair thanks the Official Opposition House Leader and the Government House Leader for their submissions, including the additional written submission provided by the Official Opposition House Leader on Monday, December 1. The Chair is now prepared to rule on the point of order.

Ideally, a 30-minute Oral Question Period attains a balance of 15 minutes of questions and 15 minutes of answers, though the Standing Orders do not prescribe a time limit for questions or answers. The Chair has observed that questions and answers often vary in length and detail, and the Chair appreciates that there may be a natural inclination to provide context to a question or an answer.

The Chair has examined the use of time during Oral Question Period during the fall sitting period, and the data indeed reveals an incommensurate amount of time taken up by answers provided by some Ministers. The point of order by the Official Opposition House Leader is therefore well taken.

The Chair expects Ministers to take note of the length of a question they are responding to and to strive to provide a proportional answer whenever possible. The Chair will continue to monitor the use of time during Oral Question Period and will aim to ensure a better balance.

HON. RAJ CHOUHAN, *Speaker*
